(54) Title: A METHOD FOR ON-LINE CALIBRATION OF LOW ACCURACY VOLTAGE SENSOR THROUGH COMMUNICATION BUS

WO 03/056350 A1

(57) Abstract: A method for calibrating voltage sensors in a switchboard, using a communication bus which comprises the following steps: i. performing a measurement using a first voltage sensor; ii. transmitting an information derived from said measurement to an electronic device, through the communication bus; iii. using said information to calibrate a second voltage sensor.
